Cardiology For the Community Clinician 2025

Saturday, April 5, 2025
7:30 a.m. - 12:00 p.m.
at Terrace On The Park

Program Chair

Dave Ramnauth, MD, FACC
Director of Outpatient Cardiology

Statement of Need • Advances in cardiovascular medicine and technology evolve at a rapid pace and directly affect clinical guidelines. Physicians and allied health professionals need continuous updates on the most recent guidelines to offer their patients innovative treatment. In a busy clinical practice, it can be a challenge to stay abreast with the most recent advances and guidelines. This NYP Queens Division of Cardiology continuing medical education program will provide community clinicians and allied health professionals with the latest guidelines that are clinically relevant in cardiovascular medicine and practice. Program attendees will have an opportunity to enhance clinical knowledge and expertise, and interact with the program faculty of renowned practitioners and educators.

Target Audience • Primary care physicians, cardiologists, fellows, residents, medical students, physician assistants, nurse practitioners, registered nurses, and all cardiac health care providers.

Educational Objectives • It is intended that this NewYork-Presbyterian Queens continuing medical education activity will lead to improved patient care. At the conclusion of this program, participants will be able to:

- Discuss the role of calcium scoring in primary prevention & cholesterol management. Explain the role of coronary CTA in evaluation chest pain & coronary artery disease.
- Learn the basics of mitral valve and aortic valve pathologies, and when to intervene.
- Identify optimal use of guideline directed medical therapy according to latest guidelines for heart failure. Explain the individualized use of guideline directed medical therapy in the context of other underlying comorbidities.
- Discuss the why rhythm control is associated with improved outcomes compared to rate control. Explain why the earlier rhythm control is started, the more likely it is to be effective.
- Identify benefits and contraindications to multiple arterial bypass grafting (MAG) for coronary artery disease.
- Determine how to select the appropriate statin therapy to achieve target LDL for primary and secondary prevention of ASCVD. Learn how to utilize non-statin medications for lipid lowering.
- Explain given the significant pharmacological advancements how device-based therapies have shown to be efficacious in heart failure management. Learn how proper patient risk stratification and phenotyping can allow for the integration of novel device therapies to improve outcomes in heart failure.

Accreditation • NewYork-Presbyterian Queens is accredited by the Medical Society of the State of New York to provide continuing medical education for physicians.

NewYork-Presbyterian Queens designates this live activity for a maximum of **3.75 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement • NewYork-Presbyterian Queens relies upon planners and faculty participants in its CME activities to provide educational information that is objective and free of bias. In this spirit, and in accordance with the guidelines of MSSNY and ACCME, all speakers and planners for CME activities must disclose any relevant financial relationships with commercial interests whose products, devices or services may be discussed in the content of a CME activity that might be perceived as a real or apparent conflict of interest. Any discussion of investigational or unlabeled uses of a product will be identified.

Registration Fees • \$50 Physicians / \$25 General Registrants / No Fee for Physicians-in-training, NYP Queens Physicians & Staff (copy of NYP Queens ID required with registration). Fee includes continental breakfast, catered hot buffet lunch and course materials.

Cancellation Policy • Refunds will only be made upon receipt of written notification a minimum of five work days prior to the session.

Special Needs • Participants with disabilities or special needs are requested to contact the Office of Continuing Medical Education at 718-670-1419.

Information • Ms. Pamela Williams, Director, Continuing Medical Education
tel: 718-670-1419 / fax: 718-661-7925 / email: pgw9001@nyp.org / website: www.nypqcme.org

Agenda

7:30 a.m. **Registration/Continental Breakfast**

8:00 a.m. **Introduction**

Dave Ramnauth, MD, FACC
David J. Slotwiner, MD, FACC, FHRS
Joseph T. Cooke, MD

8:15 a.m. **CT First: A Window into Heart Health**

Alexander Volodarskiy, MD, FACC

8:45 a.m. **Pioneering Progress:**

TAVR, TEE and the Future of Valve Therapy

Robert M. Minutello, MD
Ali Haider MD, FACC, FSCAI

9:15 a.m. **Something Old, Something New -
Timeless Tales of GDMT**

Ningxin Wan, MD

9:45 a.m. **Breakfast**

10:00 a.m. **Multiple Arterial Conduits During Coronary Artery
Bypass Grafting (CABG).**

Charles A. Mack, MD, F.A.C.S.

10:30 a.m. **Fibs About A-Fib;
Setting the Record Straight on Rhythm Control**

Joon-Hyuk Kim, MD, FACC, FHRS

11:00 a.m. **How Low Can You Go?
Guide to Lipid Lowering Medications**

Amrita Krishnamurthy, MD, FACC

11:30 a.m. **Beyond GDMT:
Insights into Device Based Therapy for Heart Failure**

Reema Bhatt, MD

12:00 p.m. **Q & A**

12:15 p.m. **Lunch**
